SOUTH TEES DEVELOPMENT CORPORATION

The Forward Plan will contain details of all key decisions intended to be considered by the South Tees Development Corporation Board.

The definition of a key decision is found in law and in our constitution.

Decision making refers to a key decision as meaning a decision, which is likely to:

- result in the Development Corporation or the Mayor incurring significant expenditure, or making significant savings, having regard to the budget for the service or function to which the decision relates; or to be
- significant in terms of its effects on persons living or working in an area comprising two or more local authority areas in the Combined Authority's or Development Corporation's area.

When assessing whether or not a decision is a key decision, decision-makers must consider all the circumstances of the case. However, a decision which results in a significant amount spent or saved will not generally be considered to be a key decision if the amount is less than £500,000.

The Forward Plan will be published at least 28 days before the meeting date. It will be published in the South Tees Development Corporation section of the Combined Authority's website. Exempt information need not be included in the Forward Plan and confidential information cannot be included.

All key decisions by law must be published on the Forward Plan. However, there may be times when a decision has not been published, usually if the matter is urgent and a decision has had to be made quickly. These decisions can still be made but are subject to certain guidelines. Full details of urgent decisions can be found in the South Tees Development Corporation Constitution.

Please note – the decisions listed for the forthcoming month are firm.
